# Certifications and Achievements

Oct 13, 2026 · @faizanch

Issuers and platforms in [brackets] are my best guess; confirm them and add the year you earned each one.

## Overview

Alongside my BSCS degree from IUIC Islamabad, I've earned certifications in generative AI, Python, and front-end web development. They reflect my path from web development into AI, and my habit of continuously learning new skills.

## Generative AI

**Build Your Generative AI Productivity Skills with Microsoft**

- **Issued by:** Microsoft [and LinkedIn Learning]
- **Year:** [2025]
- **What I learned:** How to use generative AI tools to work more productively, including writing effective prompts and applying AI to everyday tasks.

**Career Essentials in Generative AI by Microsoft**

- **Issued by:** Microsoft [and LinkedIn Learning]
- **Year:** [2026]
- **What I learned:** The core concepts of generative AI, how it works, its real-world uses, and the ethical considerations of using AI responsibly.

## Python and Data Science

**Python for Data Science, AI & Development**

- **Issued by:** [IBM, via Coursera]
- **Year:** [2026]
- **What I learned:** Python fundamentals for data science and AI, including data types, functions, working with data using libraries like Pandas and NumPy, and accessing APIs.

### Python Data Structures

- **Issued by:** [University of Michigan, via Coursera]
- **Year:** [2026]
- **What I learned:** Core Python data structures such as strings, lists, dictionaries, and tuples, and how to use them to process and analyze data.

## Web Development

### Meta Professional Program in Front-End Web Development

- **Issued by:** Meta [via Coursera]
- **Year:** [2024]
- **What I learned:** Professional front-end development with HTML, CSS, JavaScript, and React, including responsive design, UX/UI principles, and building complete web applications. This program supported my work as a Frontend Developer Intern at Mediatainment.

## English Language

### IELTS (International English Language Testing System)

- **Issued by:** British Council
- **Score:** Overall band 7
- **Year:** [2026]
- **What it shows:** Strong English skills in listening, reading, writing, and speaking, suitable for professional work and study abroad.

## Other Achievements

- Completed my Final Year Project, an AI-Driven Auction App, as part of my BSCS degree.
- Built a multilingual RAG system that answers questions in English, German, and Urdu.
- [Add any hackathons, competitions, awards, or recognitions here.]
